God's work. Our hands.

Congregational Stewardship Survey Synod Registration Form

With the recent announcement of the *Rediscover Macedonia* resources, we call your attention to the Congregational Stewardship Survey. This tool has been developed by ELCA Research & Evaluation and the Macedonia Project Leadership Team to provide qualitative and quantitative measures in the following areas:

- Basic perspectives and practices related to stewardship
- Pre- and post- assessment of content introduced in the ELCA Macedonia Project
- Examples of how people are growing in their role as a steward
- Differences in perspectives, behaviors and growth between leaders and non-leaders in congregations

This survey is available on-line at no cost so congregations in your synod can easily enter their responses. All individual responses will be kept confidential. A summary of data will be shared with the congregation, synod and churchwide organization.

To participate in the Congregational Stewardship Survey, simply indicate your synod's desire to participate by identifying one person to be a Synod Survey Coordinator, and provide the following information to Mr. Neil Bullock at neil.bullock@elca.org.

Synod Name

Coordinator Name

E-mail

Telephone

Date

The synod coordinator is asked to make a two-year commitment to

- Invite congregations to participate in the survey
- Develop and maintain a list of Congregation Survey Coordinators
- Provide instructions for the survey to congregations
- Provide summary of survey responses to each congregation
- Upon request, assist congregations in analyzing surveys
(A resource and training will be provided for this role.)
- Review a summary of survey responses within the synod and provide
A preliminary analysis to the Mission Support and Stewardship Table

Please return this form to Neil Bullock at neil.bullock@elca.org
