Hurricane Irma Update: Cuba

SEPTEMBER 26, 2017

CUBA

Situation

In Cuba, 2.1 million people have been severely impacted by Hurricane Irma. Ten deaths have been reported, and many communities remain without electricity and telecommunications due to large-scale infrastructural damage to the national network.

Response

Lutheran Disaster Response is working with the local partners and other organizations in responding to the devastation brought on by Hurricane Irma in Cuba. We will be supporting the initial distribution of non-food items, such as blankets and cookware, for 350 families in the 2 municipalities in the province of Villa Clara.
