Dear Member of Congress,

As a Lutheran and your constituent, I urge you to strongly support funding for federal child and school nutrition programs in the federal budget for fiscal year 2018. I believe that God calls us to care for our most vulnerable neighbors in need. Federal nutrition programs reduce hunger and poverty, improve health and learning, increase productivity, create jobs and strengthen our communities.

As a Lutheran, I urge you to support the strongest possible funding for the important programs that feed vulnerable children in our communities. Churches and faith-based organizations are working every day to bring an end to hunger. Without adequate federal funding for these vital anti-hunger programs, ending hunger is incredibly difficult to achieve.

Sincerely,
