

ELCA Endowment Fund Pooled Trust - Ministry Growth Fund¹

Fund Overview

Description

The ELCA Endowment Fund Pooled Trust (Ministry Growth Fund, or the Fund), was established to allow for the collective long-term investment of funds belonging to the Evangelical Lutheran Church in America (ELCA), its congregations, synods, seminaries and other eligible affiliated entities. To the extent practicable, the Fund pursues investment objectives in line with the Economic Social Criteria Investment Screens approved by the ELCA Church Council. Incorporated into the Fund's accounting are unitization and quarterly endowment distributions. The ELCA Foundation administers the Fund.

Only ELCA-related institutions can be eligible to participate in this investment fund that is exempt from most security registration requirements in accordance with the Philanthropy Protection Act of 1995.

About Performance

The investment results depicted herein represent historical net performance after the deduction of investment manager and custodian fees and expenses including the administrative fee of 60 basis points (0.60%). Prior to July 2017, the total fee was 100 basis points (1.00%). Annual, cumulative and annualized total returns are calculated assuming reinvestment of dividends and income plus capital appreciation. Performance for periods greater than one year is annualized. Underlying returns were provided by the Fund's respective managers. **Past performance is not a guarantee of future results.**

The Modified Target Benchmark date of first use was January 1, 2021.

Capital Markets Commentary (as of November 30, 2021)

Capital Markets Overview

Markets continued the momentum from October at the start of November thanks in part to the Fed beginning their tapering of their balance sheet and positive economic sentiment, but whipsawed towards the end of November due to news of a new COVID-19 variant: Omicron. Inflation and employment remain at the forefront of the Fed's decision to start tapering and Fed Chair Powell admitted it was time to retire the term "transitory" as it relates to inflation. Disruptions in the supply chain continue and Congress moved forward with a \$1T spending bill which includes funding for infrastructure.

Domestic Equity Markets

The S&P 500 returned -0.7% in November. The S&P 500 sectors were mostly negative except Technology, which reported 4.3%, and Consumer Discretionary, which reported 2.0%. Laggards for November included Financials, Energy, and Telecom which reported -5.7%, -5.1%, and -5.2%, respectively.

International Equity Markets

International equities underperformed the U.S. in November. Developed international markets, as measured by the MSCI EAFE index, fell -4.7% for U.S. currency investors. The MSCI Europe index fell -5.1%, Japanese equities fell -2.5% per the MSCI Japan Index. Emerging market equity markets, as measured by the MSCI Emerging Markets index, fell -4.1%.

Fixed Income Markets

Overall Bond markets were mixed during November. The Bloomberg U.S. Aggregate Bond index increased 0.3% over the period. The yield on the 10-year Treasury rose as high as 1.7%, but closed at 1.5% as demand rose towards the end of the month. Riskier parts of the bond market had negative returns for the month. The Bloomberg High Yield index fell -1.0% in November.
