

LUTHERAN DISASTER RESPONSE
EBOLA OUTBREAK RESPONSE

AUGUST 2014

www.ELCA.org/disaster

As the worst outbreak of Ebola virus in recorded history erupts in West Africa, thousands of people have been exposed and hundreds have already died – including several dedicated doctors and nurses.

Jesus, who reached out to heal the sick and brokenhearted, calls us to do likewise. One way we are responding is by shipping protective gear and medical supplies to be used at Phebe and Curran hospitals in Liberia.

These two Lutheran hospitals provide medical care to all in need. When you give to Lutheran Disaster Response, you are helping the medical workers of these two

hospitals – as well as supporting other facets of our response – in this time of trouble.

Your gifts, designated for our Ebola Outbreak Response, will be used entirely – 100 percent – in response to this crisis.

We pray for peace and healing for all those affected by the Ebola outbreak in West Africa. May God grant healing for those who are ill, comfort for those who mourn, and strength for those who care for the sick and suffering. Together, we will continue to monitor the situation and will walk with our brothers and sisters affected by the outbreak.
