

GENERATION ZERO-HUNGER

Together, we can be the generation that ends hunger.

The world produces more than enough food to feed every person, yet the number of people who are hungry has grown since 2019. More than 2 billion people around the world aren't sure where their next meal will come from, and for as many as 828 million people, that next meal won't come at all.

There is another story unfolding around us: the story of God at work through you and ELCA World Hunger around the world. It is a story that has been unfolding for the last 50 years through our church as we work together to create sustainable, lasting change. It is a story of caring for the environment and of healthy communities thriving. It is the story of new homes being built, of new fields being planted with crops. It is a story of wells bubbling with clean water and of small businesses bursting with opportunity.

Over the last 50 years generations of Lutherans have responded to God’s call to be part of building a just world through ELCA World Hunger. **We believe ours is the generation that can help make a world with zero hunger a reality within the next 50 years.**

Build Generation Zero-Hunger by joining youth around the country in a fundraising challenge to support the programs of ELCA World Hunger. Many youth and youth groups will raise funds in advance of the 2024 ELCA Youth Gathering in July and will bring their offerings to the Gathering. At the Interactive Learning Space youth and young adult leaders will have the chance to participate in an unforgettable experience, designed to translate into tangible ways to take action to reduce hunger in their own communities as we build Generation Zero-Hunger together. **Thanks to generous donors, all gifts to ELCA World Hunger as part of Generation Zero-Hunger will be matched—dollar for dollar—until we reach \$250,000. That means your gifts will go twice as far in the work to end hunger!**
