

GROWTH FORCE PRINCIPLES

Interdependence (connecting): What are the *short and long-term* effects of this action?

Multiplication (reproducing): How does this contribute to *multiplication*, not just *addition*?

Energy transformation (leveraging): How can we utilize *positive* and *negative* resources to fulfill *God's purpose*?

Sustainability (recycling): How do these actions contribute to future ministry cycles?

Symbiosis (team work/cooperation): How can we work *together* to enhance ministry effectiveness?

Fruitfulness (evaluating): How can we maximize the *fruitfulness* of this ministry?

Using the Growth Force principles, look at your action plan. Apply each of the questions to your plan. Using the growth forces, what changes can you make to your plan to make it more organic? Be specific. Discuss these changes with your Director for Evangelical Mission and your synod group.
