ELCA Endowment Fund Pooled Trust - Fund A

**Fund Overview**

**Description**
Endowment Fund “A,” of the ELCA Endowment Fund Pooled Trust (Fund A, or the Fund), was established to allow for the collective long-term investment of funds belonging to the Evangelical Lutheran Church in America (ELCA), its congregations, synods, seminaries and other eligible affiliated entities. To the extent practicable, the Fund pursues investment objectives in line with the Economic Social Criteria Investment Screens approved by the ELCA Church Council. Incorporated into the Fund’s accounting are unitization and quarterly endowment distributions. ELCA administers the Fund, and the investment advisor is Board of Pensions of the ELCA, doing business as Portico Benefit Services.

Only ELCA-related institutions can be eligible to participate in this investment fund that is exempt from most security registration requirements in accordance with the Philanthropy Protection Act of 1995.

**About Performance**
The investment results depicted herein represent historical gross performance before the deduction of investment management costs. Note: The monthly management fee includes an administrative fee of 60 basis points (0.60%) and an expense ratio of approximately 44 basis points (0.44%). Annual, cumulative and annualized total returns are calculated assuming reinvestment of dividends and income plus capital appreciation. Performance for periods greater than one year is annualized. Underlying holdings data has been provided by Portico Benefit Services, A Ministry of the ELCA. Past performance is not a guarantee of future results.

*Since Inception: July 1, 1999.

Portfolio Commentary
During the third quarter Fund A gained 3.96%, ahead of the target benchmark return of 3.58%. This represents outperformance 0.38% (38bp). Approximately 0.19% was due to asset allocation and 0.19% due to underlying investment manager outperformance. For the calendar YTD this brings the total gain to 12.72% and continues to lead the target benchmark return of 11.69%.

The portfolios equity allocation has been the key driver of growth this year as equity markets continued to rally given continued improvements in global growth figures and ample market liquidity. Fund A maintains a strategic target of 57% Global equities, of which just over half is invested internationally. Fund A tilted toward international markets earlier in the year and has been rewarded due to the stronger performance of international companies versus domestic. Active management in the international space also delivered above benchmark performance boosting returns. The portfolio maintains a target allocation weight of 8.5% to Core Fixed Income and 8.5% to High Yield securities.

Within the Fixed Income space the high yield allocation was the driver of outperformance relative to the Barclays Aggregate Bond index. During the calendar year this delivered above benchmark performance boosting returns. The portfolio maintains a target allocation weight of 8.5% to Core Fixed Income and 8.5% to High Yield securities.

Global Equity Commentary
In the third quarter, emerging markets (EM) and global developed regions both delivered positive returns. The MSCI EAFE Index (a benchmark for international developed markets) rose 5.5% for U.S.-currency investors and 3.4% for local-currency investors, as the U.S. dollar depreciated in relation to the currencies of many nations in the index. The MSCI Emerging Markets Index increased 8.0% for U.S.-currency investors and the Japanese TOPIX Index increased 6.4% for U.S.-currency investors. The S&P 500 Index increased 4.5% for the quarter with 10 of the 11 sectors generating positive returns for the quarter. Info. Tech., Telecom, and Energy were the top performers while Consumer Staples and Discretionary were the biggest laggards.

Global Fixed Income Commentary
The bond market registered positive returns during the third quarter. The Barclays U.S. Aggregate Bond Index, a general measure of the bond market, increased 0.8% for the quarter. Interest rates increased during the third quarter, as the yield on the 10-year U.S. Treasury note rose to a quarter-end 2.33% from 2.30% at the end of the 2Q 2017. Riskier parts of the bond market such as U.S. high yield debt increased. The Barclays Capital High Yield Index, a measure of lower-rated corporate bonds, rose 2.0%.
